

Dear Donor Family:

I would like to thank you for the gift of your loved one's cornea. This is a very special gift to me that will help me see much better, and it will help improve my quality of life. My wife and I live very close to the ocean. Having the new cornea will help me to enjoy seeing the sunset over the ocean. Which is spectacular.

The donation that your loved one made is very special and I appreciate it very much. We have three grown children and three grand children with one more grandchild on the way. We do a lot of face time with the phone because of distance and now I can really see all of them much better.

Again, best regards and thank you for ever.
